ASSIGNMENT OF PATENT

WHEREAS, WE, William D. Denison, of 2156 Sunderland, Naperville, Ill 60656 and Lawrence Brownfield of 601 Chicago Ave., Downers Grove, Ill 60515 and Bradley S. Silvers of 301 Mulhern Ct #4, Yorkville Ill, 60560, respectively, have invented and own a certain invention entitled:

ELECTRONIC ACCESS CONTROL DEVICE

for which invention we executed an application for Patent and for which U.S. Patent 6,359,547 issued on March 19, 2002; and

WHEREAS, Micro Enhanced Technology, Inc., 100 W. Plainfield Road, Suite 202, Countryside, Illinois 60525 (hereinafter referred to as Assignee), is desirous of acquiring the entire domestic and foreign right, title, and interest in and under the invention described in said Letters Patent.

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which are hereby acknowledged, we assign and transfer to the Assignee, and the Assignee's legal representatives, successors and assigns, the full and exclusive rights in and to the invention in the U.S. and every foreign country and the entire right, title, and interest in and to said U.S. Patent 6,359,547 and related applications (e.g., continuations, continuations-in-part, divisionals, reissues and reexaminations) that have been or may be filed in the U.S. and every foreign country, and the Patents or extensions thereof, both foreign and domestic, that may or shall issue thereon.

UPON SAID CONSIDERATION, we convey to the Assignee the right to make application in its own behalf for protection of the invention in countries foreign to the U.S. and to claim under the International Convention or other international arrangement for any such application the date of the U.S. application (or other application if any there be) to gain priority with respect to other applications.

WE DO HEREBY COVENANT and agree with the Assignee that we will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and that we will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, reexamined and reissued Patent or of any and all foreign countries on the invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, and by executing statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of all parties hereto.
